

• Newspaper publication provides a historic record. Government Web sites may not be maintained long term. Newspapers are preserved in libraries and newspaper archives for posterity.

• The governor has called for a constitutional amendment to strip public pensions from legislators convicted of crimes, and yet this bill supports making the proposed language available only on obscure Web sites few voters will ever see.

Colome -

The proposed legislation says it will save \$342,000. There are more than 10 million registered voters in New York State, so the proposal saves about three pennies per voter.

To register your dissatisfaction with the governor's plan, contact his office at (518) 474–8390 or at the N.Y.S. State Capitol Building, Albany, NY 12224.

- Rea is executive director of the New York Press Association and New York Press Service
